Professional Summary: Machine Learning Engineer with over 3 years of experience building data-driven systems and integrating machine learning models into web applications. Skilled in Python, FastAPI, and React with a solid foundation in deep learning frameworks. Seeking to contribute to AI-driven product development at NextGen AI Solutions, with a focus on scalable, cloud-integrated machine learning solutions.

Technical Skills: Python, JavaScript (React, Node.js), SQL, TensorFlow, PyTorch, Scikit-learn, FastAPI, Docker, Git

Experience:

Machine Learning Engineer — SmartVision Analytics (2021–Present)
• Developed and deployed predictive models for marketing analytics.
• Integrated models with web dashboards using FastAPI and React.
• Deployed Dockerized ML microservices on AWS EC2.
• Collaborated with frontend developers to build model-driven dashboards.

Software Engineer (Intern) — Innovatech Labs (2020–2021)
• Assisted in backend API development using Flask and SQL.
• Implemented model versioning and logging system.

Education: B.Sc. in Computer Science — Cairo University (2019–2023)

Certifications: TensorFlow Developer Certificate (Google, 2023)
